“The Active”

The ultimate, all new, Cycle Shelter from TransTechnical.

“The Active” Cycle Shelter offers protection from the elements, security for peace of mind and stunning aesthetics. “The Active” portfolio is available in a multiplicity of sizes with a host of options to fit and harmonise in any environment.

All our shelters are built to order. Each unit is manufactured from the highest quality materials using cutting edge technologies to ensure that each “Active” product is designed and built to the highest specification.

“The Active” is assembled to superior quality levels with all glazing secured using tamper-proof beading and non-ferrous fastenings. It is built to last.

- Choice of materials and colour
- Bespoke dimensions
- Security options
- Full range of add-on complimentary extras
